Dear Sir,

In Tiruchi District the above mentioned Temple of Shree Bramminaathar & Thiripurasundari along with the Temples of Lord Ganesa, Muruga, Chandikeswara, Sree DURGAA Devi, Dhakshinaamoorthi, Navagrahaa have been located in Thatchankurichi Village 10 kms away from Lalgudi Town. The constructions of these Temples are of 300 years Back. The temples are in a dilapidated condition since proper up keep of the Temples Were NOT attended to for the past 300 years. Some of these buildings are in a Partially broken condition and likely to fall down at any time. Now, it is not too late to get the building properly repaired so that the Temples can be protected from damage & decay.

2. The present condition of these 300 old buildings are described in detail In the news papers. The news paper cuttings are attached herewith for your kind perusal. More than 5000 people are residing in this village. These temples have been Taken over by our Tamil Naadu Govt Hindu Charitable & Endowments Department. But, they did not take any care to visit these temples & to bring them in good Condition so that the people can visit these Temples for worship. The pitiable condition Of these Temples has now been apprised to the Minister concerned for taking necessary immediate action to rectify the buildings & to bring them in good order.

3. Unwanted plants & shrubs are grown up during these longest gap of time. As a result, the complex is inundated with poisonous snakes, scorpions, and other insects. In these condition, it is dangerous for the people to get into this complex.

4. Of course, there are five poosaariyaar families stationed in the Village To perform the poojaas for six times, beginning from 4.30, 6.00, 9.00, 12.00, 04.30 pm 08.00 pm & 10.00 pm. But the IDOLS of the Deities have been removed from their Positions & kept in a room for safety. In short, the purpose of these temples are not being served on account of sheer negligence of all concerned..

5. Now, it is high time to take up the important duty of repairing these
