Dear Sir,

Ref: My published letter in The Hans India – All Editions, dated; 18-02-2015

Sub: Basara Pushkar Ghat near the bank of River Godavari at Basara, Adilabad

District – Condition of Pushkar Ghat - reg.

This is to bring to your kind notice that the river bank of Godavari at Basara is in a deplorable condition. It has nearly turned into a dumping yard. I submit that the devotees who visit Goddess Sri Gnana Saraswathi Devi temple also visit the Basara Pushkar Ghat for holy dip. I have seen some devotees are taking holy dip at Ghat in muddy waters. I state that either the Sri Gnana Saraswathi Temple authorities or the municipal authorities are vigilant to keep the Ghat premises clean. I state that though there is less water at Ghat, the authorities have to keep clean near water body. In this context I wrote a letter and the same was published in 'Inbox' (letters to the editor) column of "THE HANS INDIA" on 18-02-2015 along with a photograph showing condition of the Ghat. The same is enclosed herewith for your perusal. I request you to direct the concern authorities to look into the same and do the needful action.

Thanking you,

Yours faithfully,

K.V. RAMANA MURTHY
